

March 24, 2015

Everyone,

I have appointed Logan Peninger to the position of maintenance and security effective immediately. Logan has been a tremendous help to the Sun Eagle Bay community for some time now and we look forward to having him on the board. Here is an updated board member list

Charles Tillison-President
Linda Castle-Vice President
Peggy Tracy-Secretary
Mike Hamilton-Treasury
Logan Peninger-Maintenance & Security

Here is the number you need to call in order to get a 911 address for Sun Eagle Bay. We highly recommend that you get one ASAP as all emergency services and even UPS and Fedex will go by this new address very soon. In order to install an OSSF you will need a 911 number also. Your lot numbers will no longer be valid as a 911 address. We would also urge everyone to post this number in front of your lots in at least 6" reflective numbers in order for emergency services to locate your lots.
800-517-1730

Last, I would like to take a minute of your time to discuss an issue that has come up recently. I have been informed that a Sun Eagle Bay member has taken to Facebook in order to discuss concerns that they have in regards to SEB security. First of all I think we can all agree that Facebook or any other social media outlet is not the place to discuss a grievance that you may have. We have a meeting every third weekend in the months of January, March, May, July, September and November at the Sun Eagle Bay cabana at 10 am to discuss SEB business. If this is not a good time for you please stop by the office and speak with a board member or call a board member to tell them of your concern. Issues that are sensitive especially those that concern security matters are not to be discussed on social media.

Thanks
Charles Tillison-President
SEB board of directors
